# Clash Over Defense Spending Imminent

NEWPORT, R. I. (AP) - President Eisenhower will hold a budget strategy conference Sunday. Top concern quite likely will focus on a proposal by Sen. John F. Kennedy of Massachusetts, the Democratic presidential nominee, for a speedy big increase in defense spending.

With administration determination to hold down federal spending certain to be a campaign issue, the President called Secretary of the Treasury Robert B. Anderson to the summer White House for a Sunday afternoon session.

U.S. KOYLON° FOAM the world's most modern mattress

Good Wife, there just can't be a good life without a good night's sleep, and that calls for U.S. Koylon. For Koylon is more than foam! It's the finest foam, made with thousands of small cores on both sides, top and bottom, with the result that it has more "give" to cradle every body curve ... and yet, more firmness, too. A combination that even the experts thought impossible! Come see the difference in a Koylon mattress by U.S. Rubber. Our twinsize mattress and matching boxspring, 139.50

#### SCENE FROM "BELLS ARE RINGING"

A jealous Judy Holliday is burned up at the embrace given Dear Martin by Nancy Walters in this scene from "Bells Are Ringing," Metro-Goldwyn-Mayer's sparkling film version of the Broadway musical hit, with Miss Holliday recreating her original stage role. Comedian Fred Clark also has a starring role. Filmed in Cinema-Scope and color, the picture is highlighted by fourteen musical numbers. It was produced and directed by Arthur Freed and Vincente Minnelli, who teamed on the Academy Award-winning "Gigi." Coming Thursday, July 21st to the Frisina Times Theatre.

## 22 Enrolled In Summer Music Course Here

Twenty-one students and one advantage of or have enrolled William Fink of Hannibal, Mo. and for the variety of music study and Fred Fink of Quincy spent the week- recreation offerings being held end here. The latter remained for this summer at Routt high school LINCOLN, Neb. (P) - The under the direction of Wayne L. chief of the Nebraska cigarette

# Host In Farm Youth Exchange

HARDIN-Information has been received here that the W. L. Schudel family of Hamburg has been selected as a host family in the International Farm Youth Exchange program, which is sponsored by the National 4-H Club Foundation. Miss Rhoda Campbell of Scotland will visit the Schudels from Aug. 3 through the 20th, and in accordance with the requirements of the program, will share in the farm work, and in the social and community life of the family.

The I.F.Y.E. program was begun in 1948, following the war, in an attempt to further international understanding for world peace, and there are now 60 countries cooperating in the project. Since 1948 10.000 United States farm families have been hosts to the farm youth exchanges. However, this is the first time a Calhoun county family has been a host.

Miss Campbell, who is 25, is a teacher by profession, and her family has a cattle and sheep ranch in Scotland. She is now staying with a family in Oregon, from which state she will come to Illinois, where her first visit will be in Calhoun county. Exchange youths must be between 20 and 30 years of age, and must have had farm experience in their

### THEATRE UNDER NEW OWNERSHIP

Shown Saturday during negotiations for the purchase of the Times Theatre are, left to right: Joseph Nepote, field representative of Frisina Amusement Co.; B. M. Montee, former owner; and Howard Busey, resident manager for Frisina.

Frisina Amusement Company purchased the Jacksonville theatre and assumed management Saturday morning from Montee. The company operates the 67 Drive-In: Theatre in Jacksonville also and has been in business for the past thirty-three years. J. E. Barton has accepted the position of house manager at the theatre and will continue to operate the business with the new owners.

Montee said he would devote his time to expanding other business interests in the automatic merchandising field. Montee ends a career of 34 years in the theatre management field.

# OUTDOOR ELECTRIC LIVING now costs less to install

What a difference it makes to have outdoor electrical convenience outlets! You're equipped to take advantage of new work-saving electric mowing and gardening tools, to enjoy radio, TV, coffeemaker and rotisserie on the lawn or patio. And at night the outdoors becomes a beautifully lighted new "room"

for games and entertaining. Thanks to remarkable plastic underground cable, outdoor electric wiring is now within any family's reach. Your electrical contractor will be glad to give you recommendations, cost estimates and budget terms if desired. Call him today.

'Here's how outdoor "housepower" adds to the pleasure and convenience of the household pictured above:

- 1. Patio outlet. Handy for rotisserie-barbecue, TV or coffeemaker.
- 2. Lawn outlet serves electric mower.
- 3. Pole-mounted floodlight for after dark
- 4. Mushroom lights add drama to borders. 5. Convenience outlet for electric mower or hedge trimmer.
- 6. Post light . . . for convenience and allnight security.

Ask your electric contractor about outdoor wiring with the new plastic underground cable.

BY STAN SPOTTS Journal Courier Sports Editor

Howard Curtis, the state's low high school qualifier, and Joey Wells won't make their annual trek to Springfield the latter week of July to compete in the Central Illinois Junior Golf Tournament. The pair had a tough decision to make but they made it in favor of the State Jaycee golf playoffs in Chicago. Curtis, who won consolation honors in the championship flight in 1959, and Wells, who was a lower flight winner, had been playing in the springfield meet for the past five years. Bob Drysdale was disappointed to learn Curtis and Wells wouldn't be in the Journal classic. This leaves the Jacksonville delegation without a real contender in the championship flight. The group is sponsored by the Jacksonville Elks Club.

Thursday marks a carefree ole day at Nichols Golf Course. It will 1952, but a regular only infre- Hobbie (8-11). be the all-day Elks Golf Tournament and it is enjoyed by all especially by Joe Boyle, Lou Due and Alvin Middendorf. Wood Phillips, park pro, will be glad to see all of you ELKs.

-0-

Al Rosenberger, coach Bob Kraushaar's line mentor at JHS. writes from Camp Brigadoon in Cumberland, Wisconsin, that he and his family are all fine and enjoying another good camping season. The days have been sunny with the temperature in the 80s while the nights get down into the 50s. Besides good fishing, swimming and boating is the best Al has seen it. After he works over the 40 kids in camp, Rosie takes a canoe out at night in the shallow area of the lake and grabs bull frogs-a far cry from the fall nights when he's trying to spot where an opposing tackle is getting through. Al's method is to guide silently through the weeds and lilly pads and shine a strong light into the frog's eyes. Then with his quick hand he grabs them by the legs and tosses them into a sack. He has averaged anywhere from 8-10 a session, each weighing about a pound and measuring 12 to 15 inches in length. Of bull-frogging Al says it is a real sport plus some tasty eating. Although Rosenberger is in good condition he writes he may have to supervise calisthenics this fall instead of leading them as he is up to 186 pounds. The former McKendree star looks forward to the start of the grid season and has high hopes of all the boys reporting in fair shape. He comes home around the 20th of August.

Speaking of summer jobs, Bob Kraushaar will be glad to get back to the coaching wars although he doesn't mind filling in as a replacement on milk routes with Borden. He'll wind up his duties in two weeks and then hopes to travel east and possibly see Joe Brooks in his summer headquarters in Maine. As the Illinois College mentor Grand Rapids, Mich., defending puts it, "Stonley I catch so many boss I have to throw them over- senior champion; Jack Walters, bord." Joe's brogue always get him in dutch with waitresses from Tacona, 1953 winner and now the midwest when ever Joe's Blueboys go visiting. Nobody has lived president of the National Left until they umpire a ball game for Joe, especially when he gets excited or is behind and is trying to stall for rain. It's a riot!

Wednesday's all-star contest in Yankee Stadium would have made Christians out of non-believers if they had been sitting in my living room along about the top of the seventh inning. Sooner or later Stan Musial of the Cards had to come on as a pinch hitter with the Nationals leading 3-0. I knew it was probably Musial's last All-Star classic, it was his 19th game, and although it wasn't a prayer I thought-Dear God, give him the pitch and guide his bat so that he can cap his brilliant career in the fashion he deserves. When he took the first strike from Jerry Staley of the White Sox down the pipe I thought he'd missed the best pitch he was going to get. Then he uncoiled on the next pitch and Mel Allen, the voice of the Yankees, said there is a long drive-it is going-going-gone! I know the ball didn't get out of the Stadium but I do know I felt glad for Musial and said thanks God. Musial said after the game he had a feeling he was going to connect. Well, there was one in Jacksonville who had a hunch, too, but there was someone else who had the final say in the whole outcome. I felt the same when Ted Williams came up to pinch-hit but when he collected a solid single, I thought to myself, who ever heard of a greedy Christian?, especially when you've rooted for the National League all your life. Someone remarked, Staley grooved the pitch to Musial for sentimental reasons so he could hit a home run. Believe me, there's no sentiment in baseball especially if it is your

bread and butter.

Three Jacksonville lads who have gained Central Illinois Junior golfing honors and gone on to achieve additional laurels are Mike Anderson, Bob Bradley and Tom Farrell, Anderson, the 1958 tourney medalist, was a member of the four-man team that won the 1959 Illinois National Lefthanded Championship. He qualified for the 1960 state amateur and has won the White Hall Open, Bradley, the 1958 junior champ, has become an outstanding member of the Illinois College forces which claimed their fourth straight PCC golf title this past spring. He was also the individual conference champion, Farrell took 1957 junior honors in the championship flight and was Jacksonville's City Champ in '59. He is a member of the MacMurray squad and just recently won the Ozark Amateur crown, Tom has qualified for the state amateur the past two years but was stopped both times in second round matches. Their showings are a tribute not only to themselves but to their coaches and local pros and to the Springfield junior ourney sponsored by the Journal.

#### GRAYSON'S SCOREBOARD \*

By HARRY GRAYSON

Sports Editor Newspaper Enterprise Assn.

By HARRY GRAYSON

Newspaper Enterprise Assn. PITTSBURGH - (NEA) - The baseball writer had just compared the Pirates of 1960 to the White Sox of '59.

Sports Editor

"I doubt that they hit the long ball often enough to win the pennant," he remarked, just as Don Hoak finished a turn in batting practice at Forbes Field and wheeled around behind the

commented the fiery Hoak with the dented nose who takes charge of the Pittsburgh infield. "We have as much power as the other guys in their parks, and that goes for the Braves with Mathews, Aaron, Coyington and Adcock and the Giants with Mays, Cepeda, Kirkland

any farthtr than we do. This park is a great equalizer," explained Hoak, pointing to the 475-foot sign in deep center. "The only place where a hitter can get a cheap home run here is smack dab down the right-field foul line, where the distance is no more than 300."

THE TROUBLE IN this direction is that the wall is topped by 40-foot screen which makes many a well-hit ball playable and cuts what might have been a home run into a double or long single. And old-timers tell you that Roberto Clemente plays this screen more cleverly than anyone since Paul Waner.

in right center, 406 in left center and 365 at the left field foul line. The top sluggers don't take any liberties in this park. That's why they created Greenberg Gardens, since removed, for Hank."

The Pirates tied for sixth in National League home run production last season. But they finished the second half of this campaign

remarked: "This is my sixth years with the Pirates, and in the previous five we have played better in the second half."

HOAK, WHO PLAYED third base for pennant-winning Brooklyn Dodgers, and the Cubs and Reds, stressed that he had never been with a club which moved men around the bases as well as the Pirate

stuff like that," he explained. "And where is there anything like a shortage of power when an outfit has hitters like Bob Skinner, Dick Stuart, Rocky Nelson, Clemente and Smoky Burgess? No one ever hit a ball farther than Stuart."

In J.S.H. Tourney "The main thing," cut in Danny Murtaugh, the Irish manager at of Chester, Pa., "is that we no longer make mistakes and beat

# More Than 'Staying Alive'

(From The Christian Science Monitor)

A pamphlet prepared for the White House Conference on Aging, to be held next January, emphasizes the need for giving older persons "a larger purpose in life than just staying alive." Through contributions from about 200 specialists it adds to the materials for education on this subject.

In the process of inculcating a "positive national image" of elder citizens in place of the "broken down" concept, the matter of adjusting to job changes and of finding job opportunities is important.

Many retired persons with professional or vocational training can be of value as teachers, it is found. Others mentally active find satisfaction in attending educational courses and participating in civic affairs.

"The all too common public image of 'old people,' " says the pamphlet, "is a group of people who generally are irrational, stubborn, confused, depressed, useless, and living in the

This picture can be refuted in part by the older people themselves. They have reason in general to ask that a great deal be done for them. But they can place the emphasis, as many are doing, on what they have the continuing capacity to give.

#### THOUGHTS

Does not wisdom call, does not understanding raise her voice?-Proverbs 8:1.

Wisdom is the right use of knowledge.-Charles H. Spurgeon.

IT'S A RIVER, ANYWAY THERMOPOLIS, Wyo. (A) -What river flows through Wyoming's scenic Wind River Canyon?

Den't automatically say "Wind River." You may be wrong. Somewhere the Wind River changes its name to the Big Horn River and there's a difference of opinion where the change comes But everyone agrees that the can-

yon is the "Wind River Canyon." The Wyoming State Engineer's office has chosen the confluence of the Wind and Little Wind Rivers near Riverton as the birthplace of the Big Horn River. Therefore. under that interpretation it is the Big Horn which flows through the Wind River Canyon.

On the other hand, the U. S. Geological Survey contends that the stream's name is changed to the Big Horn River at the mouth of the Wind River Canyon-and the Wind River actually flows through the canyon.

# \* Happy Times \* **Health Problems of Elderly**

Are Not Peculiar to Age

Many of the chronic ills that older people suffer from are not necessary conditions of age and in most cases could be prevented. So maintains Dr. Charles L. Wilbar, secretary of health for Pennylvania and a speaker at the recent annual meeting of the American Geriatrics Society in Miami, Fla.

And the biggest challenge facing medicine today in the field of aging is to tell people how to keep well.

That job should be tackled initially in school, Wilbar told convention delegates. "There is strong evidence that American school children are not

being taught the basic fundamentals of keeping well," Wilbar said. "Their training is sparse, and in many cases the health textbooks they use are woefully out of date." Wilbar further stated that a study showed that only one person

in 22 of the 65-or-older age group was free of chronic disease. In only one out of seven persons who had a chronic ailment was this sufficiently mild so that it didn't severly hamper or limit daily "About three-fifths of those people had some kind of heart dis-

he wanted was the most powerful obesity, hernia, hypertension without cardiac involvement, arteriosclerosis and hemorrhoids," said Wilbar. The three leading causes of blindness in the United States are them, the vice presidency is a senile cataracts, with a rate of 35 per 100,000 people; glaucoma, with

a rate of 26.7, and diabetes, with 16.6. "The blindness from all three of these conditions is largely presimply presides over the Senate, ventable, yet adequate preventive measures aren't used satisfactorily.

Tuberculosis is rapidly becoming a disease of older people. One study has shown that the average age of admission to the sanatoria Johnson, whose Senate term is is 50 years. And between 50 and 60 per cent of the people admitted up this year, without question were in the advanced stages of the disease Other studies have shown that only about half the people who

still is expected to run for the spite of the fact that such treatment makes it possible for diabetics Moreover, the American Cancer Society estimates that half the

But this happens to be a touchy cancer deaths now occurring would not happen if the patients would in the national political go to a doctor when early symptoms appear. Doctors have a big responsibility to inform the public about health,

"Every doctor's office must become a teaching center for informtive and balky over the very lib- ing people how to keep themselves well," Dr. Wilbar says.

Q-I want to apply for disability insurance. Must I obtain the

medical information on how disabled I am?-F. S. R. A-Yes, you are responsible for this. When you apply, your social security office will give you a medical report form. Q-How do you figure earnings for the year in which a social security beneficiary dies?-T. L.

A-The month in which he dies becomes the last month of his taxable year. So, if he dies before December, he has a short taxable year. The limit on his earnings is not \$1,200 but is \$100 times the number of months in his taxable year.

# Profits Don't 'Wash Away' On A Well-Managed Farm

Inspecting the terrace built to control erosion on the farm owned by Illinois College, operator Bill Hadden and Elliott State Bank's Farm Manager Ed Garlich check to see how water run-off was reduced during the recent heavy rains.

When soil erodes, profits erode, too. Terracing to control water run-off means that the soil retains moisture. Bigger and more profitable yields are the result. Sound soil conservation practices are sound business practices, too. Ed Garlich makes frequent visits to the farms under his management and talks over problems and potentials with the operator. When he sees possible income washing down a slope or running off a field, he puts his years of

farm experience to work to stop erosion and establish good drainage. His combination of farming know-how and financial know-how is the reason many owners of land in the Jacksonville area choose Elliott State Bank to manage their farms. They are secure in the knowledge their holdings will be wellmanaged now and in the future. They know the farmer's partner in progress is

# 'Cold War' Casualties---

In the past 10 years, dozens of American airmen have lost their lives-or freedan-in aerial "incidents" with Soviet Russia. Newsmap below spots 18 of these encounters. Most recent was the shooting down of an Air Force RB-47 on a scientific flight over the Barents Sea. Moscow

claims the plane was on a spy mission and violated Russian territory. Washington has strongly denied the charge and warned of "the most serious consequences" if any more U.S. planes are shot down over international waters. A U.S. note demanded release of the two fliers.

2 Nov. 6, 1951—Navy bomber on weather mission disappears off Siberia after attack by Soviet air-craft; crew of 10 lost.

3 June 13, 1952—Superfortress disappears on re-connaisance mission over Sea of Japan; no trace of plane or 13 crewmen.

4 Oct. 7, 1952—Superfortress disappears on routine flight from Japan; Communists claim it was inter-cepted after firing on Russian planes.

5 March 15, 1953 — Four-engine reconnaissance plane attacked by MIG 100 miles from Petropav-lovsk; returns fire. No damage to either; U.S. plane returns to Alaskan base.

6 July 29, 1953—B-50 bomber shot down by MIGs over Sea of Japan; 16 crewmen lost, one recovered.

8 Sept. 4, 1954—Japan-based Navy patrol bomber shot down by MIGs 40 miles off Siberia; one dead. Nov. 7, 1954—8-29 reconnaissance bomber shot down over n'orthern Hokkaido; 10 men recovered,

May 10, 1955—Eight F-86 fighters attacked off North Korean coast by MIGs; two, possibly three, MIGs shot down; no U.S. casualties.

June 22, 1955—Navy patrol bomber attacked by Russian aircraft over Bering Sea; crash lands on St. Lawrence Island with no loss of life,

12 June 27, 1958—Unarmed Air Force transport shot down over Soviet Armenia by two MIGs; nine crew members returned by Russians.

# Not a single cracked egg since Chevy took over the route

That '60 Fleetside pickup you see takes whatever kind of road comes along, and makes about 250 stops a day delivering eggs house to house for Mr. Harry Hansen of Missoula, Montana. "With my previous truck," Mr. Hansen writes, "I always had some cracked eggs. Cargo damage always cut into my profits. But the new Chevy eliminated that problem completely. I haven't had one cracked egg with my new truck and I've had up to a ton of eggs in it without any difficulty. . . . I didn't know a truck could ride so nice."

Chevy rides nice, all right: takes good care of fragile cargoes, makes a day's work a far sight easier for the driver. But that's not even the half of it.

Torsion-spring suspension (without a stifflegged front axle to transmit jolts and jars) also means longer life for the truck, extra thousands of working miles, because the sheet metal and body components take less of a beating. You can run off-the-road or over back trails at faster safe speeds, too; get in more trips a day, make more money. Those facts are as true of the big Chevrolet heavyweights as they are of the pickups. Any model you name. Get one on your job and you've got the world's most efficient, most economical way to haul any load over any road. Your dealer will be happy to prove that statement any day you say.

"I'm getting close to 20 miles to the gallon," Mr. Hansen states, "and that's on stop-andgo delivery."

John Fitzgerald Kennedy, 43, is a phenomenally successful politician. This is in the tradition of his family. Both his grandfathers, Patrick J. Kennedy and John F ("Honey Fitz") Fitzgerald, were powerful Boston politicians. His father, Joseph P. Kennedy, was adviser to Franklin Roosevelt, ambassador to England, and almost a presidential candidate in 1940. But John F. Kennedy would not be the Democratic nominee today, would not have entered politics at all but for a single event—the death of his brother Joseph P. Kennedy Jr., on a bombing mission over Germany in July of 1944. Jack Kennedy, who may be president, says he's just trying to fill Young Joe's shoes.

LITTLE MOON OF MOORESTOWN—What is that space-age shape disturbing the bucolic serenity of this Moorestown, N.J., farm? Surely not a giant squash. No, it's an RCA prototype radome, which is a 15-story-high sphere enclosing the mechanisms which track missiles.

# As I See It

by E. W. BROWN

What will things be like in 1975? According to a national research bureau, life on this

ways than we do now. On long drives, we'll be able to relax and watch the scenery while electronic guides direct the car along the highway. If we prefer foot-travel, we can go from shop to shop around town standing still, while a moving sidewalk glides us around. For trips abroad, we'll have our choice of giant 1500 mph jets or huge passenger ocean liners that take us there in 4 days for just \$50. And family helicopters will fit a budget that includes a fancy convertible today. There's just one problem the researchers didn't answer

where do we go when we just want to take a long walk? In plans for a Municipal Building in a New Jersey town, the architect listed all the police rooms, including the "Finger Paint Room." So they can play "Cops and Daubers"? A summer vacation is play time for everybody, but it's no fun when your car starts acting up. Before

you leave, better bring your car in and take a look at the fine ate model used cars that we have on our lot. Several of them are air conditioned which will add much to your touring pleasure. You will be pleasantly surprised at their fine condition and our reasonable prices. E. W. BROWN, 406 South Main. Phone 5-4333.

Lucille Cooper. Miss Connie Estler left Wednesday afternoon for St. Louis. She will fly from there to her home in Florida. She has been visiting friends and relatives in the community for several weeks,

CHANNEL SWIM OFF

LONDON (A)-The English summer just won't be the same this year - the mass swimming race across the English Channel is off.

Billy Butlin, sponsor of the race since 1953, called it off Friday because he couldn't get enough help to supervise the event properly. Butlin said about 30 had applied to enter the race. He said the race may be resumed next year.

WOT HAPPENED TURIN. Italy (AP) - Nine horses dashed off at the nearby Stupinia Race track in the La Mandria cross-country prize race Thursday

night. A few yards after the start, two horses suddenly balked and turned back. Several of the remaining seven fell. The others got lost on

Puzzled track officials finally annuled the race and ordered money returned to the bettors.
